

TOWNGAS' BUSINESSES IN 2012

As our businesses advance, we continue our transformation into a nation-wide and eco-friendly energy supplier, providing piped gas, new energies, water, information technology, telecommunications, engineering services and other related facilities. Based in Hong Kong, our portfolio on the mainland currently includes a total of 150 projects in 22 provinces, municipalities and autonomous regions. In 2012, we also broke new ground with our first overseas oilfield project in Thailand.
