

## TGC Wins the 1<sup>st</sup> eLife Award – Best Kitchen Equipment

TGC has won the Best Kitchen Equipment section in the eLife Awards organized by ESDLife. The award's missions are to celebrate those products and services that bring a superior and easier life to people and to honour companies who continually improve their products.

The award acknowledges TGC's achievements in product development and marketing. Mr. Philip Siu, the Senior Commercial Manager of Towngas stated, "TGC has developed a comprehensive range of products, including hotplates, built-in hobs, temperature-modulated gas water heaters, gas dryers, 2-in-1 washer/gas dryers and rangehoods. These all create a more hassle-free daily life for the modern family. It is the innovative and practical features of TGC products which help customers experience a far better quality of living.

TGC will continue to offer more innovative, practical and quality products to all its customers in the future. We aim to make living more relaxed and comfortable.
