

## **Towngas Shows Its Care Towards The Community Amid The Epidemic Through Donation of 100,000 Rice Dumplings To Grassroots**

(1 June 2022) With the Dragon Boat Festival coming soon, Towngas once again launched the “Rice Dumplings for the Community” campaign this year. Although the epidemic has made it difficult to get together for festive activities, our desire to send greetings and care to the grassroots community has never ceased. This year, Towngas has again prepared over 100,000 rice dumplings and joined hands with various social welfare organisations to give away the dumplings to those in need, so that they can also enjoy the traditional festive season celebration.

We gave the rice dumplings to elderly singletons and doubletons, grassroots families, and disadvantaged groups such as the physically or mentally disabled and the visually impaired, who are also the most in need of care and support during the epidemic. Our Towngas Volunteer Service Team also paid special visits to families with elderly singletons or doubletons. In addition to delivering our festive greetings to them, the Team also learned about their cooking habits and reminded them of the safety precautions for using gas cookers, so that they can live in comfort and safety.

Apart from fulfilling its corporate social responsibility, Towngas is also committed to promoting healthy eating and environmental protection. Our rice dumplings are stuffed with nutritious plant-based fillings such as green beans, red beans, and chestnuts to ensure that everyone can have a happy and healthy diet.

First introduced in 2000, our “Rice Dumplings for the Community” campaign is now in its 22<sup>nd</sup> year. Over the years, Towngas has sent more than 4.24 million rice dumplings to people in need from all walks of life, and our care and support will continue to be passed on.

- END -
