

**Towngas launches HK\$3 million anti-pandemic raffle
Open to all vaccine recipients with HK\$10,000 in prizes for top 50 winners**

(7 June 2021) Henderson Land Group (the Group) has launched the Early Vaccination Incentive Scheme with a raffle to encourage the city's residents to get vaccinated. The Hong Kong and China Gas Company Limited (Towngas), a member of the Group, is also launching its vaccination promotion campaign during the same period, with HK\$3 million in rewards. Together, the Group is giving out prizes totalling HK\$10 million.

Towngas is hosting a raffle offering HK\$10,000 in shopping vouchers for each of the top 50 winners. In addition, shopping vouchers valued at HK\$1,000 will be presented to 2,500 winners. Towngas will host five raffle sessions between August and September 2021. Those receiving the vaccine earlier will stand a greater chance of winning.

Winners can use their prize vouchers at Towngas Customer Centres, Towngas Cooking Centre, Flame at Towngas Avenue and Towngas Fun. Hong Kong Identity Card holders aged 18 or above who have received one or both doses of the COVID-19 vaccine before mid-September 2021 are eligible. The relevant details as well as terms and conditions will be announced at a later date.

Mr Alfred Chan Wing-kin, Towngas Managing Director, stated, "Towngas has always been committed to community welfare. Through introducing a rewards campaign, we hope to help boost the city's vaccination rate and combat the pandemic. At Towngas, staff are encouraged to return home for rest after their vaccination appointment. We also offer 'vaccination leave' entitling staff to one paid day off upon receiving both doses of the vaccine."

Since the beginning of the pandemic, Towngas has taken the initiative to launch numerous measures to benefit various sectors of society. The current rewards campaign is set to further the Company's support for the city's anti-pandemic efforts with a view to accelerating economic recovery.
