* While stocks last

Mapping out a green future

'Greening up your life' is the design concept of Towngas' booth this year. Taking a lead in promoting carbon reduction, Towngas has built its booth using earth tone wood and sky blue paint to create a cozy and natural-feel shopping environment. Showcasing eco-friendly appliance products, Towngas' message of 'Back to Basics' is aimed at inspiring everyone to practice green living to improve the environment and air quality.
