

## Towngas Rice Dumplings – Wrapped With Love 230,000 Low Carbon Rice Dumplings to show our love and care

Towngas Executive Director and Chief Operating Officer – Utilities Business Peter Wong, artist Karena Ng and Towngas volunteers wrapped low carbon rice dumplings with participating families.

We have organised our annual “Towngas Rice Dumplings for the Community” campaign for the past fourteen years to help bring the festive spirit and spread our warmth and care throughout Hong Kong. This year, working with 240 Legislative Councillors and District Council members as well as more than 20 local organisations which mobilised volunteers from 18 districts throughout Hong Kong, we wrapped 230,000 low carbon rice dumplings for distribution to the needy in our community.

In June, the “Towngas Rice Dumplings Wrapped With Love” launch event was held at Flame at Towngas Avenue in Tsim Sha Tsui. Members of the Towngas Volunteer Team demonstrated 20 families from Tung Chung how to wrap low carbon rice dumplings to kick off this year’s “Towngas Rice Dumplings for the Community” initiative. We also distributed rice dumplings to 150 families who benefit from our “Towngas Warmth and Care Fresh Food Aid Programme” launched last year.

Towngas introduced its own low carbon rice dumplings to promote green diets.

Towngas volunteers showed the participants how to wrap low carbon rice dumplings.

Greening up your life

## Opening of new Towngas Cooking Centre

Towngas KIDchen

Our new Towngas Cooking Centre located at Lee Theatre Plaza in Causeway Bay opened on 12 July. In line with its theme “Flame it On – Turning a New Page”, Towngas Cooking Centre promotes the new Towngas family KIDchen, where parents can share happy moments and the joy of cooking with their children. In addition, we launched a “Fun to Cook” programme, enabling customers to share the benefits of flame cooking and tasty dishes with their friends.

The new Centre also offers a variety of products and services that cater to the interests and needs of different customers. In addition to organising courses on basic cooking skills, professional cooking tips from master chefs, domestic helpers’ cooking training, etc, we also sell kitchenware, cooking ingredients, cookery books and so on. You are welcome to visit the new Towngas Cooking Centre and experience the joy of flame cooking.

## Sponsoring 第綠梯隊 for the future's young green leaders

Since 2011, Towngas has sponsored the “Green Leaders Bloc” training programme organised by the Conservancy Association to train the future’s young green leaders. This programme recruits young people who are keen to protect the environment, enhancing their low carbon awareness and organisation skills through systematic leadership training. This year, the training camp was held on 23 July.

## Towngas honoured with “President’s Award”

Lending a helping hand to the disadvantaged over the years, we encourage our employees to actively take part in the community activities. Together with our employees, we donated over HK\$1.6 million to the Community Chest in 2012/13 receiving the “President’s Award” yet again. In addition to this honour, Towngas also received the Highest Donation tribute in the Chest’s “CARE Scheme”, as well as being 2nd Highest Donation in the Top Ten Fund-raising Organisations.

Towngas Chief Financial Officer and Company Secretary John Ho (left) presented cheque to Vernon Moore, 2012/2013 Corporate & Employee Contribution Programme Organising Committee Chairman.
