

Honoured in 2011-12 Best Corporate Volunteer Service Project Competition

Towngas Executive Director and Chief Operating Officer James Kwan (fifth from left) together with our "Cook for Love" volunteers.

Our "Cook for Love" scheme received the 1st runner-up award out of 28 projects in the "2011-12 Best Corporate Volunteer Service Project Competition", which is held by the volunteer service section of the Social Welfare Department. Towngas also won the 10,000 hours for Volunteer Service Award yet again.

We rolled out our innovative "Cook for Love" initiative in September 2011, recruiting both employees, as well as their family members as volunteers for the scheme. In this 16-month voluntary service project, our objective is to provide assistance to low income single-parent families in Shamshuipo, helping not only improve their communication skills but also provide support to each other through cooking classes, group games, sports and other interactive activities.

Received "2012 Hong Kong Awards for Industries: Consumer Product Design Category"

Celebrating our 150th Anniversary, we launched our TGC Perfecto Series, which includes the Vortex Built-in Hob. Making it a double celebration, the Vortex Built-in Hob was honoured with the "2012 Hong Kong Awards for Industries" in the Consumer Product Design Category. This multifunctional built-in hob not only looks elegant, it also has a number of advantages - it is safe, easy to use, energy efficient and it makes the best use of the total kitchen environment.

Towngas presence at "Hong Kong Brands and Products Expo"

"The 47th Hong Kong Brands and Products Expo" is being held at Victoria Park from 15 December 2012 to 7 January 2013. Towngas is participating in this annual event for the first time. We showcase our wide range of gas appliances as well as a collection of Towngas products from the early days. Ranging from a gas lamp, stove and even a gas fan, they demonstrate our growth and evolution over the past 150 years. You are all cordially invited to visit our booth at the Expo.

Winning the "11th Hong Kong Occupational Safety & Health Award"

The Chairman of Occupational Safety & Health Council Ir Conrad Wong Tin-cheung presented the Safety Culture - Gold Award to Towngas' Head of Corporate Human Resources Margaret Cheng (second from left).

We once again won the Safety Culture - Gold Award, Safety Performance Award and OSH Annual Report - Gold Award in the "11th Hong Kong Occupational Safety & Health Award".

This award not only recognises organisations for their outstanding achievements in the field of OSH, it also provides a platform for the winning entries to share their valuable experiences. This year, over 360 teams competed for the awards in nine categories.

Green Tips

- Send an e-card to make it a green Christmas.
- Use fewer decorations, such as Christmas lights.
- Donate unwanted Christmas gifts to charity to help the people in need.
