

Immediate Release

Register Towngas eBilling Service for a chance to win Leica Digital Camera

*Enjoy maximum convenience of managing your Towngas account online
while protecting the environment*

(5 June 2013 – Hong Kong) The Hong Kong and China Gas Company Limited (Towngas) has always been committed to promoting green living, particularly in encouraging Hong Kong people to join hands in reducing carbon emissions through the launch of the first ‘Low Carbon Action!’ campaign in 2009. To continue its efforts in promoting low carbon living this year, Towngas has launched the “Family Fun Reward Lucky Draw”. From now until 31 August 2013, Towngas customers who register eBilling service successfully at Towngas eService Centre (www.towngas.com/eBilling) will be automatically entered into the lucky draw to stand a chance to win fabulous prizes including Leica X2 Compact Digital Camera and Samsung Galaxy S4 Smartphone.

Reduce Carbon Emission via eBilling Service While Enjoying Maximum Convenience

Towngas has organized the “Family Fun Reward Lucky Draw” to encourage customers to protect the environment by joining Towngas eBilling Service, which can help reduce the use of paper and carbon emissions from printing and postage. After registering Towngas eBilling Service, customers will be able to login via Towngas website or mobile apps to pay gas bill, check payment history and report meter readings. This will further reduce the handling and processing time and storage space required for traditional paper-based billing.
