Over 257,500 MJ	22.95 cents	21.95 cents

The monthly maintenance charge of residential customers stays at HK\$9.5. The calculation of fuel cost adjustment remains unchanged. For every complete multiple of HK\$1 by which the effective feedstock cost\* rises above (or falls below) the equivalent of HK\$1,420 per kilolitre of naphtha, the charge for gas will be increased (or reduced) at the rate of 0.004 of a cent per MJ.

\* effective feedstock cost is the weighted average cost (based on energy content) of different feedstock used for production of town gas

Bulk tariff agreements will continue to be available to large consumption customers subject to negotiation.

The standard tariff adjustment does not apply to customers under concession schemes for the elderly, people with disabilities, single parent families and low income families.
