## THE HONG KONG AND CHINA GAS COMPANY LIMITED

(Incorporated in Hong Kong with limited liability)
(Stock Code: 3)

## CONNECTED TRANSACTION

U-Tech, a wholly-owned subsidiary of the Company, had by signing and returning to E Man the Letter of Award on 3 June 2011 successfully tendered for a sub-contract for the carrying out of Electrical Installation Works at the Property for E Man.

As E Man is a wholly-owned subsidiary of Henderson Land, which in turn is a controlling shareholder of the Company, E Man is a connected person of the Company under the Listing Rules and the Transaction therefore constitutes a connected transaction for the Company under Chapter 14A of the Listing Rules. Since the Maximum Contract Amount is more than HK\$1,000,000 and the relevant percentage ratios calculated pursuant to Chapter 14 of the Listing Rules in respect of the Maximum Contract Amount is greater than 0.1% but less than 5%, the Transaction is only subject to the reporting and announcement requirements, but is exempt from the independent shareholders' approval requirement under Chapter 14A of the Listing Rules.

### THE TRANSACTION

U-Tech, a wholly-owned subsidiary of the Company, had by signing and returning to E Man the Letter of Award on 3 June 2011 successfully tendered for a sub-contract for the carrying out of Electrical Installation Works at the Property for E Man. E Man is a wholly-owned subsidiary of Henderson Land, which in turn is a controlling shareholder of the Company.

Under the terms of the Letter of Award, U-Tech will carry out the Electrical Installation Works at the Property at the package sum of either HK\$70,397,250 or HK\$74,028,300, depending on the package finally confirmed by E Man at its option. E Man may also at its option request U-Tech to provide various additional services set out in the Letter of Award, being the production, submission and co-ordination with the other E&M sub-contractors and specialist contractors for preparation of combined services drawings and combined builder's works drawings and the installation of electrical wiring accessories for residential flat units and installation of conduit and power sockets for BTV and KTV (the "Additional Works") at additional costs of up to HK\$1,616,710.

The Consideration was arrived at after arm's length negotiations between U-Tech and E Man during the tender process and was determined with reference to prices and terms normally offered by U-Tech to independent third party customers and are no more favourable than those offered by U-Tech to its other independent third party customers. It is intended that the Consideration shall be payable by E Man to U-Tech on a monthly basis and the amount payable by E Man and U-Tech for each installment shall be determined by E Man based on its assessment of the actual volume of Electrical Installation Works performed by U-Tech in the relevant month.

It is expected that the maximum aggregate amount receivable by U-Tech from E Man for carrying out the Electrical Installation Works on the basis that E Man chooses the more expensive package and requires U-Tech to provide all three types of Additional Works will not exceed HK\$75,645,010 ("Maximum Contract Amount").

It is intended that U-Tech and E Man will subsequently enter into a formal agreement which should contain similar terms as those set out in the Letter of Award, except that the terms and conditions of the Transaction (including the timing of payment of the Consideration and the specifications of the Electrical Installation Works) will be set out in more detail.

### REASONS FOR AND BENEFITS OF THE TRANSACTION

U-Tech is principally engaged in the installation of underground pipes, ducts and cables, the development of service systems in buildings for utility and telecommunication facilities and other related services and will from time to time in its ordinary and usual course of business submit tenders for contracts to carry out electrical and mechanical installation works. It is expected that the entering into of the Transaction will contribute to the profit of U-Tech, and hence the Group as a whole.

The Directors (including the independent non-executive Directors) are of the view that the Transaction is on normal commercial terms and in the ordinary and usual course of business of the Group, and the terms of the Transaction are fair and reasonable and in the interests of the Group and the Shareholders as a whole.

#### CONNECTED TRANSACTION

As E Man is a wholly-owned subsidiary of Henderson Land, which in turn is a controlling shareholder of the Company, E Man is a connected person of the Company under the Listing Rules and the Transaction therefore constitutes a connected transaction for the Company under Chapter 14A of the Listing Rules. Since the Maximum Contract Amount is more than HK\$1,000,000 and the relevant percentage ratios calculated pursuant to Chapter 14 of the Listing Rules in respect of the Maximum Contract Amount is greater than 0.1% but less than 5%, the Transaction is only subject to the reporting and announcement requirements, but is exempt from the independent shareholders' approval requirement under Chapter 14A of the Listing Rules.

As Dr. the Hon. Lee Shau Kee, Mr. Lee Ka Kit and Mr. Lee Ka Shing are deemed interested in more than 5% of Henderson Land under the Securities and Futures Ordinance (Cap.571 of the Laws of Hong Kong), they are regarded to be materially interested in the Transaction and had abstained from voting in the meeting of the Directors on the resolution approving the Transaction.

## **GENERAL**

The Group is principally engaged in the business of the production, distribution and marketing of gas, water and energy related activities in Hong Kong and the People's Republic of China.

So far as the Company is aware, E Man is principally engaged in the business of carrying out construction works in Hong Kong and the People's Republic of China.
