

### Towngas Honoured with “12th Hong Kong Occupational Safety & Health Award”

Safety has always been a top Towngas priority. As such, we make every effort to achieve an excellent safety performance record and continuously enhance our safety management system. This year, we were once again honoured with two awards – the “OSH Annual Report Award – Gold Award” which we have received now for four consecutive years and the “Safety Performance Award” for the second year running. These awards were received in recognition of our outstanding performance in OSH, as well as our excellent safety culture and safety management system.

Towngas Head of Corporate Health, Safety and Environment Victor Kwong (left) and Head of Corporate Communications Wong Sau-ying (right) received the awards on behalf of the Company.

### Received “Green Enterprise Awards 2013”

Towngas received the “Green Enterprise Awards 2013” organised by CAPITAL Entrepreneur magazine, as a recognition of our ongoing green commitment. While striving to provide safe and reliable service to customers, we also carry out environmentally friendly measures in every aspect of our operations – from gas production and the manufacturing of gas appliances to distribution and office management.

### Towngas Sharing Joy and Warmth with the Elderly at Mid-Autumn Festival

Towngas distributed mooncakes to around 100 elderly citizens to celebrate the Mid-Autumn Festival.

Celebrating the Mid-Autumn Festival, we organised a “Sharing Joy and Warmth for Mid-Autumn” event, in collaboration with The Hong Kong Society for the Blind with about 100 elderly participants at the Jockey Club Tuen Mun Home for the Aged Blind. With the help of Towngas volunteers, 20 visually impaired elderly residents made a number of mooncakes for the Festival. Towngas also invited artistes, Wong Wan-choi and Leung Suk-chong, to perform old-time pop songs and play games with the participants. They all enjoyed a happy and entertaining afternoon.

### Low Carbon Mini Mooncake Workshop

Towngas Cooking Centre instructor Pauline Wong demonstrated how easy it was to make these snowy mooncakes.

A “Low Carbon Mini Mooncake Workshop” was held for our Low Carbon Action! fans at the new Towngas Cooking Centre on 8 September.

Under the guidance of our cooking centre instructor Pauline Wong, participants learnt how to make two different kinds of low carbon snowy mooncakes. They also had a tasting session, trying out the beautifully shaped mooncakes.

The low carbon snowy mooncakes.

Towngas Executive Director and Chief Operating Officer – Utilities Business Peter Wong (centre) demonstrated how to make mooncake to the elderly.

Under our “Mooncakes for the Community” charity programme this year, we also invited more than 260 Legislative Councillors, District Council members and 65 charitable organisations to join hands to distribute some 250,000 mooncakes, bringing both warmth and care as well as the festive spirit to the elderly and the less fortunate in our community.

### Organic Farming Fun

The Towngas Volunteer Service Team recently organised an organic farming event. Through this activity, our staff gained the opportunity to not only enjoy a wonderful day in the countryside, away from the bustling urban areas, but also to strengthen the relationship with their children, as they spent time together and shared their joint farming experiences.
